2. I talked with Dick Helms and the Director about several items.

25X1

b. I talked with Dick and the Director about our National War College program for 4 October. Inasmuch as he will have addressed the National War College on Friday, 1 October, the Director wishes not to participate in the program except to have Admiral Lee and a few members of his staff for lunch. I agreed with Dick that I will make the opening remarks and he will make the closing remarks to the class. Dick has requested that someone prepare appropriate notes for his use.

3. I lunched with Byron Engle and was briefed on his public safety program. Incidentally, I saw a slide projector in his office which I think might be suitable for the Director.

4. I met with Dick Helms, Larry Houston, [ ] and [ ] to discuss a letter which Dick received from Allen Dulles recommending that [ ] be given access to OSS files in order to write a book. It was agreed that Dick would reply to Allen regretting that we were unable to do this. It was further agreed that as a matter of policy we would not grant access to the OSS or Donovan files to assist people who want to write books. However, we all recognized that, since there are a number of OSS veterans who are prolific writers, this subject may arise and have to be reconsidered from time to time.

5. Dick Helms raised some objections to [redacted] participation in the Congressional Fellowship Program because of his importance to the Agency in [redacted]. Jack Smith talked with Dick and assured him that we have good substitutes to fill in the gap. Dick has agreed to interpose no further objections.

6. I talked with the Director and Dick Helms about inviting "The White House Fellows" to the Agency for dinner and an off-the-record briefing session. It was agreed that we will do this on 21 October, and Dick agreed to host the dinner.
